

Let us start out by saying “NEVER SAY NEVER.” We were certain that, after four years on the Ohio District Team, we were going to remain happy contented little JAMs until we rode off into the sunset. But Lloyd and Becky are great friends, so full of fun and great salespeople that we couldn’t say no to their request to join their new journey with the Great Lakes Region D Team. (Believe us, we tried.) We already knew that their mindset is the same as ours in that our sole job will be to serve the three districts and their members. As Vendor Coordinators, we plan to continue Lloyd & Becky’s goal to bring a great array of vendors to our rally to entice you all to come visit, shop and play. We are Life Members of GWRRA and have always been active on some level as participating chapter members, chapter officers, committee leaders, etc. and District Team. We have made so many friends throughout GWRRA and therefore have a very large “extended family.” We have been married forever; have three wonderful children who gave us three fantastic grandkids. They all are our heart and soul.

Most of you may know that George raced pro half-mile dirt track way back in the day and truly loves to compete with his friends in Top Gun & Amazing Team Challenge. Sometimes we did Top Gun two-up. What fun!!!! We love to ride our 2007 Goldwing “Copper” and are giving Copper a gift soon by installing a trike kit. Ok, it really is for us but Copper will like the new really sharp look too. We have travelled in all 48 contiguous U.S. States on a motorcycle, out West three times, and looking forward to a fourth Westward Ho this summer. So you can see we love to ride. What a way to see God’s beautiful country – on a motorcycle.

Please know we are very approachable and we welcome-welcome-welcome your suggestions on vendors you would like to see at the Region D Rallies. It’s all about the members so we consider you the most important part of our vendor team. If you have a vendor idea, see us at a rally or call us at 740-427-2520 and leave a message if we aren’t home. That’s a call we wouldn’t want to miss.

And.....like we said above, NEVER SAY NEVER! You may just find a new adventure you would have never wanted to miss.
