

Hello to all of our Region D Family.

We are Lloyd and Becky Glydewell and are proud to be your new Region D Directors. We have been married 25 years; have five marvelous children and 15 wonderful grandchildren. We are life members and have held many positions at our home chapter, from Couple of the Year to Chapter Directors' twice. We served four years on the Ohio District Team as the Assistant District Directors for two years and the District Directors two years. We joined the Region D Team last year as the Vendor coordinators and have enjoyed every minute of all of our experiences with GWRRA. We look forward to serving you and Region D and look for many positives in the coming future.

One of our goals is to stamp out any negativity within this association. We will work hard to do this and need your help. As we progress in this new position it is inevitable that there will be changes along the way. We will handle these changes in a positive manner so Region D soars into the future to lead the way for GWRRA. If we work together, all things are possible.
